STEPANOS GHANEMIAN

Sporting Event

The thrashing of flesh and fabric, and the frenzied emotions exhibited by the scrimmaging Rugby players is translated superbly in the watercolor imagery of the Sporting Event.

An extensive study of action shapes, Sporting Event intends to capture the bittersweet intensity of competition, and its sheer frustrations. Pain and anguish at loss, the study of the game's mistakes, the victory and spoils of conquest.

ARTIST BACKGROUND

One in a family of internationally known artists, Stepanos Ghanemian specializes in illustrations and interpretations in all media. Educated in French and British institutions, Stepanos is presently mastering American art.
